The Truth About Money

In The The Psychology of Money, **Morgan Housel** reminds us:

Wealth isn't built with charts and formulas - **it's built with behaviour.**

Beyond Just Returns - Decoding the Investing Classics #01

The Real Cost of Wealth

Wealth always comes with a price.
And it isn't financial. It's **discipline.**

Beyond Just Returns - Decoding the Investing Classics #01

Staying Power

It is also:

Patience
to wait.

Courage
to stay steady

when everything feels uncertain.

Redefining Success

Because everyone has a different story with money.

Different fears.
Different goals.

That's why knowing your 'enough' matters more than endlessly chasing 'more'.

Beyond Just Returns - Decoding the Investing Classics #01

When the **World Shakes**
Markets don’t just reward intelligence.
They test **behaviour.**

Rare shocks can change everything
but only if we let them.

Beyond Just Returns - Decoding the Investing Classics #01
